## KICKING OFF THE SEASON EDITION

*"Words From The Commodore"*  
Commodore- John Guess

The docks are in, boats are being launched and the club is showing signs that the boating season has begun! Memorial Day weekend is here and with that Saturdays flag raising will be at noon and the Progressive Launch party will start at 4:30PM. If you don't know what your dock has been assigned for the launch party please check the club web site or the bulletin board in the club house to find out. The blessing of the fleet by Father Joe will begin at 1PM Saturday and Mondays flag raising will take place at 1PM after the Memorial Day service at the Cod. I hope to see everyone down at the club sometime over the holiday weekend. I want to welcome our newest members Pat Roberts and his Lady, Jennifer to West Channel and ask everyone to stop by dock 11B and introduce themselves when they get a chance. The year book is out, if you have not picked one up they are available in the club house. I also want to thank Sandy Kiss and P/C Glenn Linke for helping with the advertising and P/C Joe Winch for his work with the editing and getting it out to the printer. Great job! If you missed the last membership meeting the back flow preventer situation has been clarified by the Lake County General Health District,

(Commodore Continued)

they are requiring 1024 devices to be installed no later than the beginning of next season. Another issue that was included with the notice is the law banning sinks that drain into the river will now be enforced. Basically the law states that a sink cannot drain into the river, the ground or an open container. A copy of the letter from the County Health District has been posted on the bulletin board in the clubhouse. I want to thank P/C Don Connerton for his persistence in getting an answer to this ongoing issue. Last Saturday we had a work party to install the stanchions, I want to thank Dan Mulinax, Nick Kolasinski, Marv Union, Mike Scully, Nick Griffin and Bill Jakubs for participating. I also want to thank Ernie Kolasinski and Hank Sewalk for organizing the work party. Thanks go out to the Blue Gavel for our new gazebo that's been installed by the pool, it looks great and is just in time for the beginning of the season.

### SAFETY FIRST!

Remember The Grounds Speed Limit!

## Regatta 2010
