WEST CHANNEL YACHT CLUB

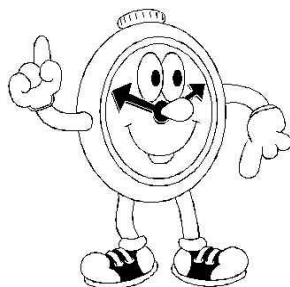

November 2010

"Words From The Commodore "
Commodore- John Guess

Well, the boating season is almost over, everyone is winterizing and covering their boats and with that the closing of the harbor work party is set for Saturday November 6th at 9:00AM. This will probably be the last opportunity to get work hours so please plan to attend. Also, remember to remove your uprights and hand rails from your docks or you will be charged for their removal. A couple of weeks ago the Blue Gavel held the second annual Comedy Night. I want to congratulate them for a highly successful event, a great time was had by all. Our next event will be the Chili Cook Off on Friday November 12. Bring your favorite Chili and compete for fun and prizes. We recently had an incident with the travel lift carburetor catching fire and damaging the machine. I want to thank P/C, Trustee Joe Winch for making the necessary repairs. And last, the budget is out and will be voted on at the next meeting.

November 7- Set The Clocks Back 1 Hour

DAYLIGHT SAVINGS TIME ENDS

"Clubhouse Comments"
Vice Commodore- Mike Piunno

It's that time of the year again. The boats are coming out and we are slowly preparing for winter. It was a great summer. As always, it is sad to see it end. Thanks to all the house cleaners for a great job. A reminder, if you are scheduled to clean the house please make sure you do your part. Some members are showing, they start cleaning, and the other half don't show up. If you can not make it call the person you are co-cleaning with. There is a work party for the house on 10-30-10. This is for the covering of the windows for the winter. I have 2 members that are working on this project. It wouldn't hurt to have a couple more. If you would like to get some hours, see you at 9:00 a.m. on Saturday. Chili cook off social is Friday November 12 and starts at 7 PM. That should be a fun event! Speaking of a fun event, thanks to the Blue Gavel for a great evening of entertainment and excellent food. Comedy night was again a success!

Travel Lift Operators Needed

If you interested in learning/training to be a WCYC Boat Lift Operator, Please contact the Commodore or Board Of Trustees
