"Words from the Commodore"
Commodore- Michael Piunno

This past weekend was great weather and the harbor was busy. Boats being lifted out, members shrink wrapping, cleaning out dock boxes, and remembering how fast this season went by. On the bright side, there is only 6 months until we uncover the boats. It will be here before you know it. I would like to welcome the new members to our club, the **Daubenmire's** and the **Pekarcik's**. Welcome aboard! I am sure you will enjoy the club and its members, and what we have to offer. **Membership Chairman, Bob Shaw** had them ready to go last Thursday for their swearing in. Sick bay- **Becky Shaw**, we all wish her a speedy recovery. She will be back on the dance floor before you know it! **Get well soon Becky!** Big Thank You to **Glenn and Reva Linke** for another great, Big Boy Night. The comedians were hysterical. The smell of that brisk cold air means its getting to be closing time for our boating season. I would again thank all those who attended to house cleaning this year. I have shut down the Ice Machine for the season and I have bagged some ice in the freezer for club functions the next months. **Do not use this ice!** Members, please pay attention to locking up the clubhouse when you leave. Trustees have revisited the rules for members wanting to use the clubhouse for a personal party The board has made this more member friendly. For details or interest, Please see me or contact the board. Hats off to **P/C Glenn & Reva Linke** and all involved in the Big Boy - Comedy Nite. Great Time! Laughing is good for everyone and that was sure present at this function! Wishing **Becky Shaw** a speedy recovery from her mishap. Speaking of **Becky & Bob Shaw**, Great Job bringing in all the new members.
