"Words from the Commodore"
Commodore- Michael Piunno

A note of "thanks" for the successful work party that was held for fleet and house. I am sure that this word of appreciation and gratitude extends from each and every member to all fellow members as this activity was a true expression of friendship and harmony. This was a perfect demonstration that club spirit is alive and well at WCYC. Good job **Don Sr. and Reva**. Great food by the SN...**Marion Connerton**. We now have added 2 new members to our club. I would like to welcome **Tom Russo** and **Scott Sharpless**. Current members, take the time to introduce yourself to **Tom & Scott**. They have shown enthusiasm to help around the club and attend functions. They will be an asset to our club. I wish them the best, and it's great to have them aboard! Next I want to thank, **Rear Commodore Donny Jr.** for his idea to make new members a handbook. The book features many items important to new members as well as a copy of the by laws. It looks very professional in a WCYC binder. Nice job. I know you have several hours in this project. **Don Jr.** has been busy shopping around to save the club money, the porta potty, and getting bids from other rubbish haulers. Good work!!!

This year we hit the wall. A \$17,000.00 wall. None of us expected this to happen,

but it did. So what do we do? We deal with it. Thanks to **Fleet Captain Reva Linke** for her efforts on this very important project. Reva is very aware of the sensitive time line we are on. By the membership approving the go-ahead, contracts and communications are done in person. The clock is now ticking. Our wall and docks now rests in the hands of our contractor, Mr. Huffman and his crew. I am sure the wall project will be completed as soon as it can be and our boats will be in water soon. Thanks to our gate repair crew **Nick and EK**. Thank you for your help. I would also like to thank **Joe Winch** for his help and guidance with the yearbook. Joe is making sure the club can make a well-needed profit. Thanks Joe. **Speaking of money, I would like to ask this of the membership once again. Please realize that we are going to need to rebuild our checking and savings account after the wall project. If all the members would attend the functions and bring a couple of friends, it would help a great deal. Please support your club. " Ask not what your club can do for you, but what you can do for your club!"**
